LATER FROM THE NORTH.

Arrival of the Granada.

Messrs. Leary's fine mail steamship, the Granada, Captain BAXTER, which left New York on the afternoon of Saturday, the 26th inst., arrived at this port yesterday, bringing two days' later news from the North. . We are indebted to Purser Gon-HAM for files of late New York papers, from which we make the following interesting summary of

New York, Aug. 26. By the steamship Ocean Queen, which arrived here yesterday, from Aspinwall on the 16th inst., we received California papers of the 2d, containing the announcement of a terrible marine disaster. The steamship Brother Jonathan, which sailed from San Francisco on the 28th July, for ports to the northward, struck a sunken rock in the Pacific Ocean in the afternoon of the 30th, and sank in less than an hour, carrying down with her all on board, between two and three hundred persons, excepting sixteen who escaped in a small boat. General George Wright, who was on his way to assume command of the Department of Columbia, embracing the State of Oregon and the Territories of Washington and Idaho, is believed to be among the vi time of this disaster, as also his wife and some members of his staff. This is not the General Wright who was commander of the Sixth Corps of the Army of the Potomac. The name of the latter mentioned gallant officer is Horatio Gates Wright, who is now in Texas. The reason that we have not learned of this catastrophe before is, that the hostile Indians on the Western plains now keep the wires of the overland telegraph almost constantly broken.

We have also by this arrival some important details, which we publish this morning, of the depredations of the Shenandoah in the North Pacific. At the date of the last advices she had captured ed, and eighty others appeared to be at her mercy.

The steamships George Washington and Matan-zas arrived here yesterday from New Orleans, bringing dispatches from that city to the 19th instant, and from Brownsville, Texas, to the 18th. The correspondent of the Herald, writing from Brownsville, details & conversation, which is doubtless of that characteristic bogus kind which respondents as a reason for the diminished prothe Herald always has, which he had with a South- duction. The amount of wool and the increase of ern officer in Matamoras. It is stated that the "officer" boasted that General Sterling Price, of Missouri, had been made a Major-General in Maximilian's service, and empowered to raise a cavalry force of thirty thousand from among the men of the disbanded Southern armies; that several other Southern Generals have been similarly favored by the Mexican Emperor, and that it is his intention to have one hundred thousand Confederates in his service within a year, to keep watch on Sheridan along the Rio Grande. Meantime matters on our side of that stream remain quiet, and the condition and health of the troops are good. The United States officers at Brownsville recently ontertained at a banquet the imperial officers stationed at Matamoras, together with some ex-officers of the Confederate army, including General Slaughter. So it would seem that the social amenities still prevail between the representatives of the antagonistic institutions separated by the river, notwithstanding it is said to be the almost universal belief among the American officers that they will ultimately be called upon to march into Mexico to enforce the Monroe doctrine.

Private accounts report much excitement during recent debates in the Mississippi Convention upon the slavery question, some of the members declaring that the issue could not thus hurriedly be forced upon the South, while others advocated letting the subject rest altogether. On Friday last it was resolved by the Convention that the old clause in the Constitution relating to slaves should he stricken out; but when it came to putting in place of these a stipulation that slavery should no longer exist, there was a fierce opposition, and a final adjournment without action. Subsequently, as the telegraph has reported, this clause was

adopted. The Richmond Republic announces as about to appear, Circular No. 1 of Gen. O. O. Howard, Commissioner of the Bureau of Refugees, Freedmen and Abandoned Lands, which sets apart for the use of loyal refugees and freedmen certain tracts or parcels of land and other property withing that assessors of the district in which the deceased resided at the time of his death. If a party died while temporarily absent from his home, the important property withing the first of of the second of the district where he actually resided. No distribution of legacies can be made embracing thousands of acres, lie in the Counties of Loudon, Fairfax, Elizabeth City, Prince William, Warwick, York, Norfolk, and the cities of Norfolk and Portsmouth; and the Republic says it will be the first of an extensive series of similar publications.

Gen. Beauregard, it is rumored, vill soon ask for pardon, that he may go to Europe and take a position in the French army.

The friends of Aloxander H. Stephens, now in confinement in Fort Warren, are making strenu-The Richmond Republic announces as about to

Ex-Governor Brown, of Georgia, is reported as having passed through Chattanooga on his way to Washington last Thursday. The Governor speaks hopefully of the future under the wise and liberal policy of the President, and seems thoroughly in earnest in his efforts to induce the people to enter cordially upon the discharge of their new duties and relations.

General Sheridan, in order to encourage discharged soldiers to remain in the South, has ordered that such as desire it, shall be paid off without having to return to their homes. Four million dollars to pay the troops arrived in New Orleans on the 12th inst.

A pretty accurate estimate of the defalcations of Edward B. Ketchum has now been arrived at, and it foots up the enormous amount of four millions two hundred thousand dollars.

The Franklin County, Penn., grand jury has found true bills against the rebel General McCausland, Major Gilmor, and Captain Smith, for murder, arson, &c., and Governor Curtin has issued requisitions for them upon the Governors of Virginia and West Virginia.—N. Y. Times.

The captain of a British schooner which arrived at New Orleans on the 13th instant reported that about a dozen deserters or discharged men from the United States army or navy had been engaged in piratical operations on the coast of Honduras, having murdered the crew of a small schooner and, setting sail in it, captured several other vessels. They were last seen near the coast of Cuba, with an English vessel in pursuit.

Brevet Major-General P. H. Roger has been assigned to the commandof the Department of North Carolina during the temporary absence of General Schofield.

A special Washington dispatch to the Herald, dated 25th, gives the following information:

GENERAL HATCH AND THE CHARLESTON FREEDMEN General Hatch, in command of the military district of Charleston, S. C., writes to General O. O. Howard relative to certain charges that were preferred against him for alleged abuse of the freedmen by a Union League of Charleston. The General says that the accusation that he refused permission for an oration in that city on the Fourth of July is utterly untrue, and that all business was suspended and celebrations becoming the day were participated in with his hearty approval. The only request made which he did not deem expedient to grant was a proposal to assemble some thirty thousand freedmen in Charleston on the above day, which, fearing a riot, he had refused to acquiesce in, subsequent events having shown him that the precaution was a most wise one. In the matter of contracts, the General does not think the colored people are imposed upon, as alleged, but that their interests are fully looked after by the local agents for freedmen.

AUGUST REPORT OF THE AGRICULTURAL BUREAU. The monthly report of the Agricultural Bureau for August says the returns of the correspondents are very fair, and show a slight falling off in the wheat crop in the New England and Middle States, something over half a million of bushels; a loss of about one and three-quarter millions of bushels in the States of Maryland and Delaware, and a deficiency of over twenty millions bushels in the Northern and Northwestern States. The corn crop exhibits the greatest promise. It is every where good. The potatoe crop is almost as promising as that of corn. The other crops harvested will be ample for all domestic purposes, and that eight additional vessels, seven of which she burn-ed, and eighty others appeared to be at her mercy. of oats will be very large. The prospect, there-doro, is that the injury to the wheat crop will be more than compensated by the unusual excelence of the other crops. The tobacco crop is the only one which exhibits a general falling off in the amount planted. The heavy internal taxes on the manufactured product, and the apprehension of a tax on the leaf, are assigned by some of the corsheep are shown by the table to bear like proportional advance to that they have exhibited since 1861. The report says:—"The rebellion has given to this great interest a prosperity which protective laws under a high tariff failed to accomplish

> Several heavy seizures of whisky, for alleged evasion of the revenue laws, have recently been made in Cincinnati, and Hon. S. S. Cox, of New York, is here as attorney for the owners. The property at stake is reported to amount to several million of dollars. The parties implicated are expected in a few days, when a hearing will be asked of Secretary McCulloch.

APPOINTMENTS.

Ex-Congressman George H. Yeaman, of Kentucky, has been appointed Minister to Denmark. Mr. Wm. P. Johnson, brother of the President, and an old citizen of Brazoria county, Texas, has been appointed Surveyor of Customs at Velasco. R. E. Boyd and W. Waller have been appointed Postal Railway Clerks between this city and New York, at a salary of twelve hundred dollars per annum each, commencing on the 1st of next

PARDONS GRANTED.

The President this morning granted the following pardons: James D. Coleman, of Caroline county, Va.; H. J. Randolph, of Albemarle county, Va.; T. J. Randolph, of Albemarle county, Va.; Benjamin F. Drew, of Virginia; Milton P. Jarnagan and Joseph S. Claghorn, of Savannah, Ga.

The *Tribune's* Washington special (25th) states THE FATE OF JEFF. DAVIS.

Previous to his departure from Washington, Gen. Grant remarked to a party of friends that sufficient evidence had been adduced in the late conspiracy trial, and since received by the Government, to convict Jeff. Davis of complicity in the assassination plot, and that the fate of the conspirators settled that of the arch-traitor.

THE MISSISSIPPI CONVENTION.

THE MISSISIPFI CONVENTION.

Jackson, Miss., August 23.—An ordinance was passed ratifying all laws and official Acts passed since the Act of secession not repugnant to the Constitutions of the United States and Mississippi, prior to January, 1861, except the laws concerning crimes and the Acts enabling railroads to pay moneys by them; also repealing all laws authorizing the payment of dues to the State in Confederate scrip; also repealing all laws authorizing the distillation of spirits on State account; also ratifying all official accounts, proceedings, judgments, decrees, &c., of the several coarts; also legalizing all sales made by administrators and others acting in a judicial capacity; also authorizing executors and others to compromise with persons against whom they hold notes as to the real value of the property for which such notes have been given; also authorizing ex parte testimony to be taken to prove whether or not contracts which have been made contemplated specie or currency payments; also ratifying all marriages which have been consummated since January, 1861, whether celebrated with novel forms or not.

Jackson, Miss.

August 24.—Governor Sharkey to-day sent into the Convention a telegraphic dispatch which he had received from President Johnson, congratulating the Couvention on the progress they were making in paving the way to the readmission of the State of Mississispip into the Union, and expressing an earnest hope that all obstacles to such readmission would soon be removed. The President says in this dispatch that he will restore the writ of habeas corpus and remove the troops from the State at the earliest moment when the State shall make sufficient progress as to have entirely returned to her allegiance. The President hopes, in conclusion, that the example of Mississippi will be followed by the other Southern States. In the Convention I mendment to the people, for ratification or rejection, was lost by a vote of 5 yeas against 44 nays.

sing the constitutional amendment to the people, for ratification or rejection, was lost by a vote of 5 yeas against 44 nays.

An eloquent appeal memorializing President Johnson to grant pardon to Jeff. Davis and Charles Clarke, late Governor of Mississippi, signed by over four thousand ladies, was read and approved. A resolution was adopted, requesting the President of the Convention to forward the memorial to the President of the United States.

The Convention gives their President the right to reconvene them when deemed necessary.

Judge E. S. Fisher was nominated for Governor, and the Convention adjourned size die.

THE OHIO DEMOCRATIC CONVENTION — THE STATE TICKET—THE RESOLUTIONS—THE STATES RIGHTS DOCTRINE UPHELD—NEGRO SUFFRAGE DENOUNCED,

CINCINNATI, August 25.—The Democratic State Convention assembled at Columbus yesterday, and organized by electing Hon. Rutus P. Ranney President.

President.

The following ticket for State officers was then nominated:—For Governor, General George W. Morgan; Licutena t Governor, William Lang; Judges of the Supreme Court, P. Van Trump and Thomas M. Key; State Treasurer, George Spence; Attorney General, Daniel M. Wilson; School Commissionar H. H. Barney: Engineer for the Board

Morgan; Lecutena to Governor, William Lang; Judges of the Supreme Court, F. Van Trump and Thomes M. Key; State Treasurer, George Spence; Attorney General, Daniel M. Wilson; School Commissioner, H. H. Barney; Engineer for the Board of Public Works, C. Basil; Clerk of the Supreme Court, H. S. Doner.

The Committee on Resolutions then reported a series, which in substance are as follows:

Opposing a consolidation of all power in the hands of the Federal Government; maintaining the doctrine of State rights as laid down in the Virginia and Kentucky resolutions of 1798; declaring that the ordinances of secession adopted by the Southern States being null and void, they are still in the Union as States, entitled to all their reserved rights and to their due representation in Congress; denouncing all efforts to confer the right of suffrage upon negroes; discouraging the emigration of negroes into the State; complimenting all the trying scenes of the war; regarding the national debt as a national curse; demanding the most rigid economy in the administration of affairs that this debt may be paid; recommending that a national tax be collected by the county treasurers for this purpose as far as possible; recommending that the military commutation be repealed; earnestly denouncing the arrest of citizens by military authority in States where the civil tribunals are open and unobstructed, and declaring that the continued suspension of the writ of habeas corpus since the termination of the war, the denial of the right of trial by jury, and the interference with elections by the military power, as was recently done in the States of Kentucky and Tennessee, are violations of the Constitution of the United States.

The last resolution declares that, while we resolutely condemn all infractions upon the Constitution

States.

The last resolution declares that, while we resolutely condemn all infractions upon the Constitution, and while we regret that the terms of pacification agreed to by Major-General Sherman in April last were not at once ratified by the Federal Executive, we will nevertheless stand by President Johnson in all constitutional efforts to restore to the States the exercise of their rights and powers. The resolutions were adopted.

Speeches were then made by General Morgan, Hon. Clement L. Vallandigham and Hon. James L. Pugh.

COLLISION IN THE CHESAPEARE—ONE PERSON DROWN-ED AND TWO OTHERS SEVERELY INJURED. ED AND TWO OTHERS SEVERELY INJURED.

BALTIMORE, August 25.—Last night, about midnight, the steamer George Leary, Captain Blakeman, from Baltimore for Norfolk, with one hundred passengers and a heavy freight, came in collision, off Cove Point, with the propeller Sea Gull, of the new outside sea line from New York to Baltimore. The Leary was cut down to the water's edge, but the shifting of the cargo fortunately lifted the injured part above the water line, and prevented her from sinking. The passengers and baggage were transferred to the Sea Gull, and reached here this afternoon. The Leary was towed into the Patuxent river. The chief steward of the Leary was lost overboard, and a chambermaid and a deck hand were badly injured—the latter, it is thought, fatally.

Political news is unimportant.
The ship Francis B. Cutting has cleared from Mobile for Liverpool with a cotton cargo valued at \$460,000, the first cargo shipped for a foreign port since the occupation of the city by the Union troops. General Wood has issued an order forbidding cotton in Alabama to be taken from plantations or warshouses for the present.

bidding cotton in Alabama to be taken from plantations or warehouses for the present.
Governor Parsons has issued a proclamation against cotton and horse stealing, and providing for the reorganization and sitting of courts to suppress these crimes. An office to procure white labor from Europe has been opened in Mobile.

Cotton ceases to come into Shreveport, owing to the seizure of nearly all that arrives by the military, complaints being general of the non-fulfilment of contracts made with freedmen.

TWENTY INJURED.

NASHVILLE, TENN., August 25.—A terrible accident occurred on the Tennessee and Alabama Railroad to-day. A passenger train which left here for Huntsville, Alabama, this morning, ran off a long trestle work near Reynold's station. The entire train was thrown off and ten or twelve persons killed and about twenty injured. An express messenger, named Moseby, and a Mr. Hazelton, were killed. No further particulars yet received. DEBATE IN THE CANADIAN PARLIAMENT ON THE RENEWAL OF THE RECIPROCITY TREATY AND THE ENLARGEMENT OF THE CANALS.

QUEBEC, August 25.—In the Canadian Parlia-ment last night the opposition offered the follow-ing resolution, which, after a fierce debate of six hours, the ministerial party voted down by 20 ayes to 78 nees:

hours, the ministerial party voted down by 20 ayes to 78 noes:

Resolved, That the renewal of the Reciprocity treaty with the United States is regarded by the people of this province as an object of the utmost importance; and, to secure that object, as well as to augment the trade and advance the prosperity of the province, it is expedient that the work of enlarging the Welland and St. Lawrence canals should not be postponed, but should be pressed in preference to any other work involving any considerable expense to the country.

The ministry declared this involved a vote of non-confidence, and, with their creatures, voted it down. When they ask for a renewal of the treaty point them to this vote.
